

MicroSchool

POWERED BY HUNTINGTON LEARNING CENTER

A 2-HOUR LIVE EVENT FOR YOUNG EXPLORERS

STEM-TASTIC SATURDAY

Experiments, building, and hands-on discovery —
kids dive in and think like real scientists!

FREE EVENT

DATE	TIME	LOCATION	AGES	COST
Sat, July 25	2:00 - 4:00 PM	6300 N Wickham Rd Suite 125	Grades K-8	FREE

What the Squad Will Do

Discuss the scientific method and how to run experiments

Build & launch mini catapults to explore force and motion

Design and test a structure using spaghetti and marshmallows

Mix up a color-changing science reaction to understand pH and acidity

Why Join?

Kids learn best by doing. This hands-on session gets young minds building, testing, and problem-solving together — all led by Huntington's team in a fun, no-pressure environment. This activity also gives families a preview of what a Huntington MicroSchool lesson may be like.

Small groups • All materials provided

Spots are limited — save your explorer's seat!

FREE to attend • Call (321) 757-0379 or Fill the Form in Email /Body to RSVP
